I am writing regarding the radio station KLOVE. I want to urge you to protect this radio station. KLOVE is a wonderful station which provides encouragement to many. KLOVE helps me everyday by reminding me of what is of most importance in life. I believe if we were to lose KLOVE as an option, many people will lose daily hope and encouragement in life. These things are hard to come by in today's world. KLOVE provides a light and gives families a safe place to listen especially in the car. We seem to spend more and more time in our cars these days and it is very nice to have something positive to listen too.

Keeping KLOVE on the air is in the best interest of the public. There are many days when just the right song comes on when I need to hear it. A smile is always contagious. When people feel positive and encouraged...that can grow as well. Who wouldn't want a happier world to live in? A simple good thing and grow into something really magnificent!

Please protect our KLOVE radio stations!

Thank you,
